

**PINNACLE CLUB MEETS PROGRAMME 2019/20**

This meets list is likely to be changed periodically so if you have printed this out it is worth checking the website version for updates although if you are set up for email alerts to the website you will be notified each time the list is updated.. Always contact the named meet coordinator to let them know that you and your guest, if applicable, are planning to come to their meet. As a womens climbing club, the general arrangement for meets is that they are women only. Where this is not the case, the meet information below will state that it is mixed. Usually the meet coordinator will give more detailed information about their forthcoming meet in advance.
